

THE ROCKET PROGRAM

Do you have atopic dermatitis?

The ROCKET Program may be of interest to you.

These studies aim to find out if a study drug may be well tolerated and effective for adults with atopic dermatitis.

Participation may be possible for individuals who meet the following criteria:

- ✓ ≥18 years old
- ✓ Diagnosed with moderate-to-severe atopic dermatitis (for at least 6 months)
- ✓ Experiencing signs and symptoms of your condition that are not manageable with your current treatment

There are other requirements to participate. To find out more about the ROCKET Program, and whether one of them may be right for you, please contact us.
